Please note: Pick-up starts 60 minutes before the departure of the tour.

Important information

The tour is dependent on weather and sightings cannot be guaranteed.

Weather and sea conditions can be unpredictable during the winter months. Our captains will make their decision to sail based on many years of experience, always keeping in mind passenger safety and comfort.

We can never guarantee sightings on our tours, but in case of no sightings we do offer a **FREE ticket to try again!**

Sometimes in the winter we might sail from other harbours south of Reykjavik for better sea conditions, in which case we provide transport for all our passengers to and from Reykjavik. In this case the tour might be slightly longer due to the extra drive.

Don' t forget to add your admission to the Whales of Iceland Exhibition, the perfect add on to your whale watching tour!

Whale watching group

Icelandic horse

[Whale watching group]

Iceland is the world's easiest place to see whales. Whale-watching groups bring visitors to the world to watch whales all year round, and summer is the peak season for whale watching. Whale-watching groups usually depart at the pier in Reykjavik. If you are lucky enough, in addition to the whales, you will have the chance to see the national bird clown puffin in Iceland.

[Icelandic horse]

The horses of the purest bloodline in the world were transported from Iceland to Iceland about 1200 years ago, and have not crossed with other species for thousands of years. Their size is small, their power is amazing, they are not afraid of the cold, and they are good at long-distance races.
