Day 1 Reykjavik Raufarhólshellir Lava Tunnel Reykjavik

Tour Overview

☆This tour is offered with a pickup service from Reykjavik once per day. Please note that the tour will take approximately 3 hours in total with the pickup and drop-off service. ☆The walk is easy in terms of difficulty, with some parts having developments like footbridges and paths to make it easier, and other parts being as nature intended. This means that the lava tunnel tour can be done by people of all ages and abilities. However, participants must be comfortable walking on uneven surfaces to be able to take part in the tour. As we push deeper into the subterranean natural wonder, we will start to see the many majestic sights that have made it so popular, including spectacular rainbow-colored walls that have been dyed various shades of emerald, ruby, turquoise, and lilac by the mineral deposits in Raufarhólshellir. The most spectacular parts are illuminated, ensuring that we can appreciate all the magic that Raufarhólshellir has to offer. Our friendly guide will tell us how the volcanic activity helped to craft the cave, and its tubular structure will give you a great insight into how the lava flows helped to form it. ☆Return to Reykjavik. Duration: 3 hours
