Day 1 Reykjavik Northern Lights Chasing Reykjavik

Tour Overview

The minibus Northern Lights tour is one of our most popular tours. We follow the best aurora and cloud forecast available to optimize your chance of seeing the aurora borealis dancing across the night sky. Due to its proximity to the Arctic Circle and the magnetic pole, Iceland's auroral activity is some of the most intense in the northern hemisphere. Duration: 3-5 hours

Please note:

As the success of the northern lights tour is heavily dependent on weather conditions, we reserve the right to cancel the northern lights part of the tour until 18:15 on the day of the tour if the aurora forecast is not looking good. When this happens your payment is fully refunded.

If no aurora is seen, you' ll have unlimited re-tries valid for up to 3 years. That' s right, you' ll be able to re-join the chase of Northern Lights until it' s a successful one!
