**Tour Overview**

Windsor Castle Steeped in history, Windsor Castle perches proudly on a lush wooded hill overlooking the Thames. Dating back to Norman times, with sweeping landscaped gardens and turreted Round Tower, it's easy to see why it's the King's favourite weekend residence royal Windsor. Enjoy a fascinating through-the-keyhole peek at the lavish State Apartments, home to priceless artworks by Rembrandt and Leonardo da Vinci, and visit St. George's Chapel, the atmospheric final resting place of former monarchs including Henry VIII. You can visit Queen Mary's Dolls' House, a truly incredible structure complete with working lifts, running water, electricity and wine bottles, all in miniature! Mysterious Stonehenge The true meaning of this ancient, awe-inspiring creation has been lost in the mists of time. Was Stonehenge a temple for sun worship, a healing centre, a burial site or perhaps a huge calendar? How did our ancestors manage to carry the mighty stones from so far away and then, using only the most primitive of tools, build this amazing structure? Surrounded by mystery, Stonehenge never fails to impress. Bath Standing proudly on the slopes of the River Avon, beautiful Bath was the first city in England to be designated an UNESCO World Heritage site. The gorgeous 15th century Bath Abbey, the stunning Georgian architecture, the romantic Pulteney Bridge, modeled on Florence's Ponte Vecchio, are all sights to linger on in the memory of your day. Roman Baths and Pump Rooms No tour of Bath would be complete without a visit to the famous Roman Baths that gave the city its name. This beautifully preserved bathing complex still flows with water from Britain's only hot spring. Marvel at the dazzling torch-lighting ceremony as dusk falls (not applicable in summer) and sip Bath's healing waters in the Pump Room, a stunning neo-classical salon. Estimated arrival time back in London is around 8:00pm

### [Shakespeare's Birthplace]

Shakespeare's Birthplace is a restored 16th-century half-timbered house situated on Henley Street, Stratford-upon-Avon, Warwickshire, England, where it is believed that William Shakespeare was born in 1564 and spent his childhood years. It is now a small museum open to the public and a popular visitor attraction, owned and managed by the Shakespeare Birthplace Trust.

### [Private group\_Bibury]

The most beautiful country in the world is in the UK, and the most beautiful country in the UK is Bibury. It satisfies your imagination of all the good things in the English countryside! The ancient tranquility and beauty of the English-style village are preserved here. The houses here are at least 400 years old. The honey-colored brick-walled cottages are arranged in rows. The creek was gurgling, and wild ducks were happily splashing in the water.

### [Private group\_Burton on the water]

"Venice" of the Cotswolds. Water Burton has a small river running through it. There are many low, flat stone arch bridges along the river, which is why Bourton-on-the-Water is known as the "Venice" of the Cotswolds. There is a miniature English village model in the town of Bourton on the Water. Made of real bricks, it's like a Lego Miniland. Even the blooming flowers and the decorative turf are real.
