[University Church of St Mary the Virgin]

The University Church of St Mary the Virgin is an Anglican church in Oxford situated on the north side of the High Street. It is the centre from which the University of Oxford grew and its parish consists almost exclusively of university and college buildings. St Mary's possesses an eccentric Baroque porch, designed by Nicholas Stone, facing High Street, and a spire which is claimed by some church historians to be one of the most beautiful in England.

[Warwick Castle]

Warwick Castle is a medieval castle developed from a wooden fort, originally built by William the Conqueror during 1068. Warwick is the county town of Warwickshire, England, situated on a meander of the River Avon. The original wooden motte-and-bailey castle was rebuilt in stone during the 12th century. During the Hundred Years War, the facade opposite the town was refortified, resulting in one of the most recognisable examples of 14th-century military architecture. It was used as a stronghold until the early 17th century.

[Shakespeare's Birthplace]

Shakespeare's Birthplace is a restored 16th-century half-timbered house situated on Henley Street, Stratford-upon-Avon, Warwickshire, England, where it is believed that William Shakespeare was born in 1564 and spent his childhood years. It is now a small museum open to the public and a popular visitor attraction, owned and managed by the Shakespeare Birthplace Trust.
